About Me

Motivated and dedicated web developer with a strong foundation in front-end development technologies. Recent graduate with a passion for creating user-friendly and visually appealing websites. Proficient in HTML, CSS, and JavaScript, with experience in frameworks like Bootstrap and Php. Excellent problem-solving skills and a quick learner, eager to contribute to collaborative teams and deliver high-quality web solutions.

Professional Experience

KodeGo | Full Stack Developer
April – July 04, 2023

Key responsibilities:
- Assisted in the development and maintenance of responsive websites using HTML, CSS, and JavaScript, ensuring compatibility across various browsers and devices.
- Collaborated with senior developers to implement new features and functionality, contributing to improved user experiences and site performance.
- Conducted testing and debugging to identify and resolve technical issues, ensuring the delivery of high-quality, error-free websites.

Med-Metrix | Credit Refund Representative
2022– 2023

Key responsibilities:
- Reviews medical records and extracts client-defined core elements from different sources of documentation.
- Ensure the accuracy and integrity of the medical record abstract by verifying the correctness of health information entered into the electronic database.

Media Track Sea Inc. | Data Entry
2012 – 2015

Key responsibilities:
- To enter data from various source documents into the computer system for storage, processing, and data management purposes
- Converting PDF files to text or XML files for news archive purposes and for selling to the company's client
- Compile and sort news articles for data entry.
